

Primary student use of mobile phones

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

All personal devices and belongings are encouraged to be brought to the front office and held safely within the store room. All belongings are securely named.

If the student does not comply

If a student's presents to school with a mobile phone they will be encouraged to present it to the front office. If a student does not comply the schools agreed behaviour process will follow.
